

Does American Red Cross Deserve Your Support?

Let's examine some facts about Red Cross Blood Service, and then you be the judge:

1. The modern outstandingly effective system of supplying life saving blood to hospitals is a development and evolution of research work done by the American Red Cross Blood Research Center maintained by American National Red Cross in Virginia at a cost of about \$5 million annually.

2. American Red Cross Blood Centers supply a little over two-thirds of the life saving blood required in the United States. The balance comes from private blood supplying agencies.

3. All American Red Cross Blood is itself free, as it is donated freely. The cost of drawing the blood, processing it, storing it, and redistributing it to hospitals and clinics is covered by a service fee, usually about \$25 per pint. Privately supplied blood is usually about \$75 per pint.

4. The incidence of hepatitis infection from American Red Cross Blood is about one-tenth that of privately supplied blood, according to the latest statistics of the American Medical Association.

5. Whole blood can be effectively used for 21 days. About 90% of Red Cross Blood is consumed during that period. The remainder is converted to: Plasma, Fibrinogen, Vaccinia Immune Globulin, AntiHemophilic (AHF), Serum Albumin, Gamma Globulin, and other fractions for specialized disease treatment. No blood is wasted!

6. The newest development of American Red Cross Blood Research is the capability of freezing blood for as long as ten years. When unfrozen the blood is exactly the same as before freezing. This makes it possible to store rare types of blood so Red Cross can have an adequate supply to cover major open heart surgery procedures, for example, without delay to accumulate the needed supply of blood. Currently this procedure is expensive - over \$100 per pint - but this cost is absorbed by Red Cross Blood Centers.

7. Every citizen of Crawford County is entitled to all the Red Cross Blood he or she may need, no matter where the individual is in the United States when the blood is required. In some areas of the U.S., if the individual is not a member of a Donating Group, such as a Church, an Employer, School, Club, etc., the blood is free, but the recipient is expected to have his friends or relatives give an equal amount of blood to replace the inventory.

Doesn't that vital Red Cross service alone justify your whole-hearted, generous support?

If you agree, and have not already sent a contribution, won't you do your share, and mail a check today, to: Crawford County Chapter/American Red Cross, RR#3, Box 3162, Grayling, MI 49738.

Colonial Structure of Public Relief

By Maureen McNamara

"It won't be long before they send me to the poorhouse!" This familiar expression, usually said partly in jest, was indeed a reality for many early Americans.

As explained earlier, because of the English heritage of the earliest colonists, our public welfare laws had their roots in the English Poor Laws of 1601. This law was the first to recognize that the state was responsible for its dependent persons. We also have learned that because of the strict, individualistic, moral code of the Puritans, the only public aid considered legitimate in the U.S. was to persons clearly unable to support themselves.

For the able-bodied, outright aid was strictly forbidden in normal times, and public assistance of any sort for the able-bodied was available only during most unusual periods, and even then only with strong work requirements typically enforced by incarceration. Further, the definition of "able-bodied" was extremely loose. In fact, American relief institutions frequently housed the "deserving" and the "undeserving" poor together under the same roof, unlike the practice described earlier, in England.

New York City, for example, in 1736, established an all-purpose "poorhouse, workhouse, and house of corrections"; other cities followed suit. This type of relief was referred to as "indoor

relief." In colonial New York, paupers receiving public aid were required to wear red or blue badges with the letters "N.Y." on their clothes, and those in Pennsylvania a large capital "P", quite like the address with the capital "A".

Although private philanthropy was not mentioned in

the English Poor Law, the need for governmental assistance in England was often reduced by philanthropy, established by the Law of Charitable Uses of 1603. This law defined the rules under which affluent men might set aside portions of their wealth for specific charitable

She was born on September 23rd, 1886. That makes her 92 years old now and she's "been on the go" ever since, according to her son-in-law, Bob Rovee. Her name is Rosa Christenson and she's the oldest living Crawford County native still residing at what she calls the "old family homestead" at 802 Chestnut St. here in Grayling. Rosa is still active in Senior Citizen's affairs where she can be seen frequently at the AuSable Acres Card Party called "The Silver Tops". She still bakes her own delicious homemade bread, termed "outstanding" by those who've had the opportunity to partake.

Her home, built in 1913 is still neat as a pin. Her family here, in Grayling, who hosted an Open House on the occasion of her recent birthday, is Mr. and Mrs. Bob Rovee of 505 Ingham St. Bob's wife, Fay, is Mrs. Christenson's only child. Fay is a teacher at Grayling's Elementary School and Bob just last year retired from the High School where he worked for years as a student counselor.

Suspect Arrested — Motive Unclear Twp. Murder Stuns Community

by Joe Schrader

The first homicide in about a decade here in Crawford County occurred early last Thursday evening when John Messenheimer, 23, Grayling, was shot to death at a Grayling Township residence, located some 6 miles east of the city.

Jack Edgar Rice, 25, Beaver Creek Township, was arrested about 90 minutes after the shooting incident and charged, according to County Prosecutor Thomas Kent, with first degree murder. Rice was arraigned before visiting Otsego County Judge Patrick Murphy where he stood mute on the charge and demanded preliminary examination, held last Tuesday. He was remanded to the County Jail with bond set at \$250,000.

According to Crawford County Sheriff Curt Haas, his department received a call early Thursday evening reporting that a possible murder had occurred at a residence located eight miles east of Grayling. Deputies responded to the call and found evidence that a shooting had occurred but were unable to find the victim in the incident.

Not long after the shooting, the accused, Rice, showed up at the Sheriff's Dept., his visit ironically dictated by an obligation to report to deputies at least two times a day. He was out of jail on bond pending extradition on an auto theft charge, allegedly occurring in California.

Sheriff's Dept. deputies had been previously tipped off to his identity by an unidentified witness to the shooting. Rice was immediately taken into custody, charged with first degree murder, and arraigned on the charge before visiting Judge Murphy, Friday afternoon.

The victim's body was subsequently discovered early Friday afternoon in a wooded area approximately 14 miles east of Grayling in South Branch Township.

Richard G. Bensinger, Grayling, is the court-appointed attorney representing Rice on the murder charge.

While exact details surrounding the shooting are still unclear, a witness to the shooting said the fatal shot was fired following an argument between Messenheimer and Rice, during which the victim challenged the accused to "shoot him". Nature of the argument is uncertain at the present time.

Sheriff Haas credits State Police officers and Crime Investigators from Houghton Lake in assisting in the investigation, which is on-going at the present time.

An obituary on Messenheimer appears elsewhere in this issue.

Freshmen Win, JV's Lose Blue Devils Overpower Vikes, 45-8

A PILE-UP OCCURS near the Goal Line but QB Rocky Tobin (12) signals TD and indeed it was as the Vikes score their only touchdown against Gaylord last Friday.
 (Joe Schrader photo)

by Joe Schrader
 The Gaylord Blue Devil football squad came into town last Friday night and flexed its gridiron "muscles" before an overflow crowd, like game played in a steady downpour. The Devils' prowess as one of the leading Class "B" High School teams in the state was evident as they burned the Vikes, 45-8. The Vikes, still winless in the conference, will hit the trail Friday for a game at Charlevoix, with kickoff set for 8:00 p.m. Grayling's season mark now stands at 1-3, the only victory this season against Roscommon in its second contest. The Gaylord JV squad, winners of its first two games, also had a rough time of it, bowing to the Gaylord JV's, 40-18 in an away contest last Thursday night. Their record now stands at 2-2 for the year.

The only bright spot on the local gridiron scene occurred on Wednesday night when the Freshman squad hosted Gaylord and pulled out a last-minute, 14-12 victory. Their record now stands at 2-0-1.

"Gaylord had two excellent backs in Mead and Hanson," commented Vike Head Coach Bill Klinger after the contest. "they ran all over us. When we adjusted our defense to stop them, Gaylord ended up burning us with a pass play."

The Blue Devils picked up two TD's in the first quarter early to take a 13-0 lead. Behind the

running of Curt Hanson and Todd Duncley, the Vikes managed to hit paydirt in the quarter, and a Skip Olsen to Bill Luckstead pass tacked on two more, and the gap was narrowed to a respectable 13-8 at the end of the quarter.

The Blue Devils took charge, then dominated the contest throughout, scoring twice more before halftime, added another TD in the 3rd quarter and another in the fourth to demolish the Vikes.

Todd Duncley led the Vike's ground game with 68 yards in 14 attempts. Grayling ran 46 offensive plays for 122 yards while Gaylord was amassing 398 yards in 57 offensive maneuvers. Klinger cited Jerry Luckstead and Joe Wieland for their defensive efforts.

In JV action, Coach Chuck Mire's squad evened its record at 2-2 following the Gaylord loss. "Poor tackling and poor pass defense" Mires cited as contributing factors in his team's loss. The Blue Devil squad tacked twenty points on the scoreboard in the second quarter and that spurge spelled doom for the Vikes. They added another 14 the second half to coast to victory. John Juntilla scored the first two TD's for the Vikes on 12 and 6-yard runs. Steve Fling added the third TD on a 3-yard scamper. The JV's host Charlevoix this Thursday evening with gametime set for 6:30 p.m.

The Freshman squad continued unbeaten this season as they parlayed a late-game fumble by Gaylord into a TD to pull out a game it appeared they were destined to lose. Trailing 12-6 late in the fourth quarter, Gaylord had the ball, with an obvious opportunity to run out the clock. They fumbled though

ployment as a lab specialist. The laboratory presently is located in the sheriff's office building at Grayling. Permanent quarters for the unit are being sought.

Stacey joined the State Police in 1967, serving first at Marquette and East Lansing posts before assignment in 1968 to the laboratory at East Lansing.

In 1969 he was transferred to the new labs opened that year, first at Plymouth, then at Warren. He moved with the Warren facility in 1977 when it was relocated at Madison Heights. Plymouth lab facilities were moved to Northville in 1976 when the department's new second district building was completed.

Stacey was born at Detroit and graduated from high school at Ionia. His professional training includes earning a bachelor of science degree from Central Michigan University at Mt. Pleasant. He is married.

GRAYLING, MICHIGAN — THURSDAY, OCTOBER 5, 1978

From Our Corner ...

Once again we are staring at this stupid Smith-Corona expecting miracles we are sure will not develop ... especially following this mornings mail when yours truly received a note asking how we could call a typewriter stupid when all along it's the operator who is at fault ... seems we have readers in far off states and don't receive the good ole snow-slide until later ... they were referring to a few weeks ago when we blamed old Smithy for not coming up with something worthwhile to fill our corner ...

We also received a note condemning us of sarcastic insinuations and damaging remarks. As far as we are concerned, a few weeks back we did not point a finger at any one individual ... but, anyone who serves on an elected board is fair game to be criticized by their constituents ... and if there is a complex, so mote it be.

Anyone who came in contact with the corner last week knows we were down-state for a couple of days, and we can hardly believe how one can be out of contact with the world when they miss two days of reading a newspaper ...

It was not until Friday night about 6:30 when we heard that Pope John Paul had died so suddenly ... we were taken aback with the news ... not being of his faith, we still were interested and had followed his election naming him the pontiff ... and in our mind it seemed like his selection was that of a shepherd ... kind, gentle and serene ...

We would like to pass on this following statement from Bishop Edmund D. Szoka for the Diocese of Gaylord we received Saturday ...

"The death of Pope John Paul is so unexpected and so shocking that one can hardly express the sense of loss. Although we hardly knew him we won't forget him. For a few brief moments he gave the world a striking glimpse of a man in love with God and at peace with himself. He was a joyful, gentle man who inspired hope and courage. His few short days as Pope were a precious gift to us all."

We also learned of another trauma Friday night that occurred while we were away ... was an alleged homicide sometime Thursday night. The two deaths are hard to compare ... one is an act of God, how does one explain the other ... possibly one explanation would be the saying ... "But for the grace of God, there walk I" ...

Have a nice weekend ... think grandchildren ... it will make you feel warm inside ...

69 YEARS AGO October 7, 1909

Born to Mr. and Mrs. David Austin, October 1st, a nine pound girl.

Miss Minnie Kraus began the winter term of school in Roscommon County, Monday, in the District near St. Helen.

J. C. Burton sent in a stalk of corn from his farm, twelve feet high, bearing a fully matured mammoth ear of Ohio dent corn.

Mr. and Mrs. R. P. Forbes made about a week's visit to Kalkaska county with old friends, returning last week Sunday.

Mrs. F. R. Deckrow has a tomato plant from a single seed which holds over seventy large tomatoes.

Mrs. Holger Schmidt called on her sister, Miss Lottie Owen, in Lovells Monday.

George E. Owen of Lovells was at Johannesburg Monday.

F. R. Deckrow was at Lovells Wednesday. He did a little work for C. W. Ward, returning to Grayling Thursday.

Postmaster Bates and wife started for Syracuse, N. Y., Monday. He will attend the national convention of Postmasters in that city, and both will visit old friends in that part of the country.

The Avalanche — Your Want Ad Paper!

"If you've got a boat, make sure your insurance covers it out of the water, too."

"Anyone can sell you a policy that covers your boat in the water.

"But how about all that time it's in storage? And while you're towing it to and from the lake? Statistics prove that a lot of damages occur while a boat is out of water.

"With an Auto-Owners Marine policy, you'll protect your boat in the water and out—and chances are, end up saving money at the same time.

"Why not give us a call and find out?"

Auto-Owners Insurance
is for boat owners, too.

The Bible Speaks

From Calvary Baptist Church

Pray for Anita Bryant

Last year on April 7th we wrote a column encouraging the people of Grayling to give Anita Bryant moral support in her fight against homosexuality. Since then the fight has quickened. Anita has faced ugly persecution at the hands of militant homosexual groups. She has faced the attempted blacklisting of her career. She has faced constant bitter threats to shut her up for good. She with her family have faced hounding by misguided individuals even when going to church.

A group of homosexuals even publicly burned the Holy Bible in protest of the public vote in Dade County, Florida against homosexuality. This showed their knowledge that God is against their sin. This also showed their rejection of God's will for their lives. This also showed their utter contempt and disregard for any authority

including God who would challenge their depraved sin. And what is Anita's attitude toward these people. "I don't hate the homosexuals, I love them enough to tell them the truth..."

The plan of the militant homosexuals is to raise millions of dollars and wage a campaign for special privileges under the banner of "civil rights", so they as "a minority group" may recruit our school children under the protection of the laws of our land to adopt their lifestyle.

San Francisco already has a local ordinance with age of consent down to 14. The school board there "has ordered homosexuality to be taught as an alternate life style in all the sex education classes." This is the plan and pursuit of radical, militant homosexuals for every state and city across our sacred land.

Because of the current trends, Anita Bryant has formed an organization called "Protect America's Children," P.O. 40-2608, Miami Beach, Florida 33140. Why don't you drop her a card or letter telling her how much you appreciate what she is doing for our country? Along with her fight against militant homosexuals, she is also trying to stop evil child pornography, as well as sex and violence on television. (adv.)

Bits O' Talk

by Fay Bovee
Mr. and Mrs. Preston Slack spent a few days recently in Fort Wayne, Ind. visiting old friends. Pres attended the Quarter Century Club outing and the 100th Anniversary of the General Electric Company, a company he had worked for, for forty years.

A note from Mrs. Slack says they have the prettiest street in Grayling on Dawn Drive. The colors are beginning to be beautiful around town and some of the fall flowers and bushes are outstanding this fall.

The children of Bill and Dolly Brooks surprised them with a 50th Wedding Anniversary party at their home Sunday, Sept. 6th. They received many lovely gifts, and among the refreshments served was a beautiful tiered cake, made by Mrs. Robert Brooks, for the occasion. All were entertained with special music during the party. Guests were from Pontiac, Roseville, Kewadin, Roscommon, Central Lake, Morristown, Lansing and Grayling.

Mr. and Mrs. Reg Ashton of Saginaw spent the weekend with Mr. and Mrs. George Granger. Mr. and Mrs. Larry Gust and family joined them for dinner Saturday.

Patrick and Nancy (Henderson) Doyle are settled in their new home in Wichita, Kansas, where they moved in August from Philadelphia. They are also parents of a baby girl, Dana Kathleen, born on July 24, 1978. Thane and Naalie Henderson are the happy grandparents, and Mrs. Vivian Peterson is a great-grandmother.

Mr. and Mrs. Ernie Larson and Mr. and Mrs. Ron Larson and Ronda spent Sunday in Sault Ste. Marie, where they went to visit Cindy Larson, who is a student at Lake Superior State College.

Mrs. Susan McCurdy, owner of the Golden Touch Beauty Salon, along with Mary Goss, Nancy Davis, Lisa Scheer, and Marcia Rutter were at the Davison Country Club on Sunday, September 24, for an all day lecture and demonstration. It was put on by Independent Educational Promotion and they brought in Chuck Chiavaras, an independent hair designer who has demonstrated cutting techniques throughout the United States. He is a member of the Redken Hair Fashion Consultants.

Marcia Rutter and Dolores Stillwagon are new employees of the Golden Touch Beauty Salon.

purposes, (much like our present-day income tax deductions) and it specified procedures for the administration of their trusts - (another parallel to our present-day foundations). These two laws were supplemented by another measure a few years later - the Settlement Law - a forerunner of our residency laws.

However, the Law of Charitable Uses was less immediately applicable in the colonies because it took time for the settlers to accumulate wealth which might be bestowed as trusts. The first example of the application of this law was in Boston in 1658, when affluent citizens made bequests for the erection of an almshouse which was to be maintained and operated by the town for the better care of the town's aged and infirm who had absolutely nowhere else to turn.

None-the-less, provisions even for the "deserving" poor were far from generous in those times, and the desperate conditions of the poor-houses were a constant subject of debate among conscientious citizens. (Next week: Beginnings of specialized services).

Tax Exemptions Designed To Stimulate Solar Energy Use

The State of Michigan currently has several existing tax exemptions designed to stimulate the use of solar energy within this state. When you're building your solar collector, the first step should be to contact the State Tax Commission and obtain an application for exemption from sales tax and excise tax. You will pay no tax on the material for your solar installation which will result in an immediate savings of 8%.

To further protect you, your solar device is completely exempt from real and personal property taxes. Solar can greatly add to the value of your property and potential resale value without adding to your current tax burden.

This is just the beginning of the advantages to using solar and alternate energy sources. Supportive tax credits are being implemented, in addition to the immediate relief on your utility bills.

Recently a tax credit was

passed by the U.S. Senate. This action would allow a tax credit of up to \$2200 for solar installations, and up to \$400 for home insulation, storm doors and windows, wood-burning stoves, and other household energy conservation measures.

The credits would allow home owners to deduct 20% of the cost of home insulation, and certain other energy conservation related purchases from their federal taxes up to \$400.00.

The Solar Credit is a 30% credit on equipment costing up to \$2000.00 and an additional 20% on expenses between \$2000 to \$10,000, up to a maximum credit of \$2,200.00.

This bill would be retroactive back to April 20, 1977. The Senate passed this bill on an overwhelming voice vote and it now goes before the House.

Energy Conservation is rapidly becoming an undeniably good investment.

Lovells Home Extension News

On Wednesday, September 13th, the Lovells Home Extension group held their first fall meeting at the home of Hazel Koernke with 21 members and 2 guests present: Merrily Baldwin and Geneva Grieves.

The business meeting was opened by Chairman, Velda Marshall. Mrs. Olive Lewis was honored for her 50 years as a Home Extension member. Merrily Baldwin, Home Extension Agent, presented her with her 50 year pin and a corsage. Mrs. Lewis gave a brief summary of her years in Home Extension - from climbing trees to pruning an apple orchard to entertaining college professors with home cooked meals. Congratulations from all of us, Olive.

The secretary, Mildred Johnson, read the minutes of the previous meeting and reported on the proceeds of the Flea Market. Two college scholarships were given: one to Rhonda VanDeVen and one to Jeffrey Tubbs.

Mrs. Johnson also reported the number of years each member has been in Home Ext. There are two charter members, Marie Doby and Mildred Johnson and Sophie Koernke "almost" a charter member.

At the close of the business meeting, a short lesson on "Make-up for a Busy Woman" was given by Hazel Koernke. The mystery package was won by Florence Soderquist. The next meeting will be held on Wednesday, Oct. 11th at 11 o'clock, at the Women's Clubhouse with Helen Spencer as hostess. Each member is to bring a gift for the Traverse City State Hospital, to this meeting. Please note the time change.

H. Koernke, Publicity

along party lines on this one. House Joint Resolution proposes to amend the constitution by expanding the list of crimes for which bail may be denied.

Raising the legal drinking age to 21 is another proposal. You, the voter, will decide whether state troopers shall have collective bargaining in another proposal.

House Joint Resolution GG proposes to amend Sections 19 and 20 of Article 9 of the State Constitution of 1963 to provide for the deposit of state funds in certain financial institutions (savings and loan associations and credit unions).

Come to the meetings November 1 to learn more about these and other proposed amendments to the constitution.

RUTH FRANCIS was pleasantly surprised last week when she was named winner of a \$100 prize for submitting the best entry in the Crawford County's "Solar Heating & Energy Conservation" Contest. Here she's awarded a certificate of appreciation from Ed Lowrie, Chairman of the County Board of Commissioners. A number of entries were submitted but Ruth's was judged best of all. Dan Smith, County Energy Coordinator, reported that the prize was made from funds received from this Summer's Solar Fair. (Joe Schrader photo)

Noted Author to Speak at Win-Some Women's Retreat

The 7th annual women's retreat will be held at the beautiful Boyne Mountain Resort on Friday, November 3rd and Saturday, November 4th. The retreat will provide an opportunity to join with other women for inspiration, fellowship and encouragement.

Joyce Landorf, from Hacienda Heights, California, will be the featured speaker. Joyce, who is a highly successful author with twelve books to her credit, a gifted singer and noted speaker will be speaking on the theme of "Self Worth" based on the scripture "I am what I am by the grace of God."

Joyce trained at the prestigious Pasadena Playhouse, graduating first in her class; took voice lessons from Lillian Rose-Goodman, Sinatra's vocal coach, and for seven years she had her own radio show.

"Here's Joyce," talking to women about the problems that loom so large in a woman's life. Joyce has appeared at seminars nationwide, talking, reaching out, relating to her audiences. As well as speaking to people, Joyce also began to write for them. Her first book, "Let's Have a Banquet," published in 1968, was a practical, informative guide to arranging church functions - booking speakers, catering, etc. Perhaps her best-loved book to date is "The Richest Lady in Town." Joyce recalls her Hungarian grandfather vehemently insisting that the Landorfs were "Millionaires ... yes, millionaires! You have everything. You have God!"

The seminar sessions will expand on the retreat's theme by offering practical ideas in dealing with various types of situations that women may encounter.

A fine selection of Christian books, records and tapes will be available in our new, enlarged bookstore.

Reservations must be in on or before Tuesday, October 24 to Win-Some Women, Box 503, Petoskey, Michigan 49770. More information and the registration forms may be obtained by contacting your local area coordinator, Beth Shepler at 348-7491, or they may be picked up at Davis Jewelry in Grayling.

The retreat is sponsored by the Neighborhood Bible Study classes in Petoskey. Women from 10-12 different church denominations make up the study groups. All women are invited to attend.

Energy Cost-Conscious Publication

LANSING—A new publication of the state Energy Administration - Department of Commerce will help cost-conscious consumers figure how much they spent to operate home appliances.

In its free pamphlet, the Energy Extension Service has figured the cost of electricity in Michigan and how long an appliance is likely to be in operation.

Included are appliances for food preparation and preservation, laundry and cleaning, entertainment, wood-working, home maintenance, personal grooming, lighting, air conditioning, and water heating.

The pamphlet lists the cost of using the appliance one time and estimates the cost of an average month's operation.

Copies of "By the Hour ... By the Month - Energy Costs of Home Appliances" are available by calling the Energy Hotline at 1-800-292-4704 or by writing the Energy Extension Service, Energy Administration - Department of Commerce, P.O. Box 30228, Lansing, Michigan 48909.

Here's the answer to your high heating costs. It's simple: Hot air rises and ceiling temperatures can be as much as 15° hotter than floor temperatures. A ceiling fan recirculates this trapped warm air over and over again to equalize the temperature differential. You can reset your thermostats as much as 6° to 8° lower and still maintain comfort. It's a 70 year old product that has been re-introduced because of high energy costs and it's absolutely fantastic. Cools in summer too: 4-speed wall control unit included in the price. Costs less than a 40 watt light to run all day. The risk is ours, it works or return it. Mail or phone collect to place your order. Visa and Master Charge accepted. We pay all costs of shipping too.

MOD "Superwalk" Success Despite Rain

MARCH OF DIMES SUPERWALKERS get set to start out on their 18-mile trek last Saturday morning, despite a steady downpour. The Walk gathered in an estimated \$1300 for the March of Dimes, all to be used in the battle against birth defects among children. (Joe Schrader photo)

Congratulations to Jeff Bruce McGuire and Bruce King tied for second place in just 2 hours and 45 minutes and was pronounced first place winner of this year's Walk.

"Rotten Day" Coming

That's right! You read correctly! There is a "Rotten Day" coming and it just could be Friday, October 13th, or the 12th; or even the 14th! It all depends upon which day you choose to see the Fall Play to be presented by the students of Grayling High School. "You Were Born on a Rotten Day" is a delightful comedy that deals with the combined subject of astrology and school finance. The play is based on the book by the same name, written by Jim Critchfield and Jerry Hopkins. Curtain time is set at 8:15 for all three performances and tickets are now available at the Community School Office or from any member of the play company. Price of admission is \$2.00 and all seats are reserved. Tickets can be obtained by mail by using the form below, or reservations will be accepted by phone at the Community School Office.

commented for such a fine job, especially because it rained most of the way.

We also have several other walkers who completed the entire 18 miles, and they include our faithful staff from WGRY. We will be featuring more pictures each week and ask that you watch the Avalanche for further articles.

Total monies pledged have not been determined at this time but will probably amount to approx. \$1,300.00. We wish to thank everyone who took part in the Superwalk, whether it was helping, walking, donating money, or just plain support. If you did not get a chance to make a pledge, but would like to do so, please call WGRY, 348-6181 and they'll be happy to hear from you. All walkers are urged to collect and turn their money in as soon as possible.

Tony and Jim Pickell joined the Superwalk Saturday and have collected their money and turned it in already. If you have any questions concerning the Superwalk please call 348-9544 after 5:00 p.m.

Again, thanks to everyone. You're great people to know. Sally Hartig, Northeast Chapter, M.O.D.

Middle School Cagers Win Some ... Lose Some

Girl's basketball at Grayling's Middle School started out last week with two victories on the road. Two defeats at home. The 8th grade teams hosted Houghton Lake last Thursday. The "B" team lost out in a low-scoring contest, 7-6 and the "A" team was trounced, 23-5.

On the brighter side though, the 7th graders journeyed to Houghton Lake the same night and posted two victories. The "B" team won 17-11 with Dawn Weatherly hitting for 8 points while the "A" team eked out a 22-20 win. Penny Holzman had 12 points to lead her team to victory.

Democratic try politics

Richard Milliman

If you keep your ear to the ground — which admittedly is a difficult posture from which to keep your eyes on things — you might detect an ever-so-slight shifting in party loyalties in the United States. The ranks of Independent voters seem to be growing.

If this is true, then the political fabric of the country may well be in for some major alterations.

Many political observers, including this one, have felt that something was going on, but had nothing more tangible than hunch to cite. Now comes a recent poll by the Louis Harris survey (conducted nationally for Gannett News Service) that seems to provide some basis for the political shift theory.

Harris recently reported that only 43 percent of Americans now view themselves as Democrats, compared with 50 percent who saw themselves as Democrats only two years ago. In 1978, Harris reported, 51 percent of Republicans or Independents, while on the eve of the 1976 presidential election, Democrats outnumbered Republicans and Independents combined by a 50-46 margin.

"These are not massive shifts," Harris noted, "but they are significant because they indicate that under President Carter, Democratic Party fortunes and loyalties appear to be eroding."

"Voters seem to be less party-oriented than ever before. This decline in party loyalties hurts the Democrats more than the Republicans, since the Democrats have enjoyed a better than 2 to 1 edge in party affiliation in modern times."

Still, even if Harris is right, if you lined up all the Republicans on one side, and all the Democrats on the other, the Democrats would win every time — without taking into account the decisions of the Independents.

But, if Harris is right, it also means the Republicans, by attracting most of the Independents, stand a good chance of winning.

That may be why many Republicans these days seem to be trying to broaden their base beyond the usual Republican voters to attract Independents and even some loosely-tied Democrats. Their pitch irks many down-the-line Republicans, but it is necessary in many cases to win.

The same softening of hard-core party-line is apparent in some Democratic circles, too, much to the annoyance

of old-line, hard-core Democratic loyalties; again, the reason comes from the roots of the Harris poll. In more and more cases, Democrats need the votes of Independents to win.

Of course, these shifts are not true in every voting district. In fact, with apportionment being what it is, Democrats enjoy an overwhelming majority in the Congress, in the Michigan Legislature, and in some other bodies despite the closeness of overall political loyalties.

Harris' conclusions about Democratic slippage in certain categories are mighty interesting, too. He reports these findings, for example:

—Among black, Democratic affiliation has slipped in two years from 80 percent to 66 percent, while Republican affiliation has not budged from the 8 percent level of 1976, and the number of blacks who see themselves as political Independents has doubled from 9 to 18 percent. Obviously, Democrats cannot take this voting bloc for granted any more.

—Among union members, a similar fall-off was noted, from 58 percent Democratic affiliation in 1976 to 49 percent in 1978, while Independents rose from 20 to 30 percent. Again, Republicans have a fighting chance for union votes.

—Among women, Democratic affiliation dropped from 51 to 42 percent, Republican ties stayed at 25 percent, and the number of Independents rose from 21 to 26 percent.

—In the South, the Democrats slipped from 62 to 52 percent, Republicans rose from 12 to 17 percent, and Independents rose from 19 to 25 percent. Harris calls this trend "surprising" in view of the presence in the White House of a President from the Deep South.

"What is happening," Harris summarizes of the Democratic slippage, "is that the general decline in party loyalties that cut back the Republican party base to 18 percent in 1974 is seriously eroding Democratic strength."

The political coalition put together back in the Franklin Roosevelt days — combining union members, the South, blacks and other minorities — has made the Democratic party practically unchallenged on the national level. It appears this coalition could be coming apart for a major national realignment.

Gabriel - Coe Vows Spoken

Kathleen Gabriel and Eddie Coe were united in marriage Saturday, September 16, 1978 at the Church of God in Frederic. Rev. Rex Phillips officiated at the ceremony. Music was provided by Mrs. June Feldhauser.

The bride was attired in a floor length wedding gown of crepe, trimmed with chantilly lace, and wore a floor length veil. She carried a bouquet of blue carnations and white button mums accented with baby's breath.

Matron of Honor was Sharron Gabriel, the bride's aunt. She was attired in a gown of pastel blue, and carried a bouquet of blue carnations and white button mums.

Gerry Gabriel, the bride's uncle, served as best man.

Following the wedding a reception was held at the Frederic Sportsman's Club, with many friends and relatives attending. The wedding cakes were made by the bride's aunts, Donna Cox and Joyce Cox. The bride's sister, Brenda, caught the bouquet and the bride's brother, Matthew, caught the garter. The newlyweds spent several days in Canada and are now making their home in Frederic.

The bride's mother wore a floor length gown of brown and gold. She and the groom's mother wore corsages of blue carnations and white button mums.

The bride's parents are Mr. and Mrs. Charles Gabriel of Frederic, and her grandparents are Mr. and Mrs. William Myer of Roscommon. The groom's parents are Mr. and Mrs. William Coe of Indiana.

Make it all better.

Christenson

(Continued from page 1)

of Grayling, Mrs. Christenson has lived here almost all her life. Her husband, William, better known around the County as "Vinegar Bill", a long-time railroad employee, passed away in March of 1967.

Rosa is the fifth of seven children raised by her parents, Mr. and Mrs. Hugo G. Schreiber - homesteaders who came to the States from Germany in 1849. She's the only living child. In 1879, she recalled, "my mother would not move to Grayling unless my father built a house out of boards." That house was constructed at Sigsbee. Two other families moved here at the same time and lived together until their own homes were built. The other two were the Henry Feldhauser and Peter Ablei families.

Over the years at her home on Chestnut St., the Christenson's contained any number of people. For one, years ago, they kept a number of nieces and nephews at their home. In addition, "some 30 years ago" she recalled, they housed a number of Mercy Hospital patients, along with hospital employees who were looking after them.

A rather unique experience Mrs. Christenson still remembers "is the time my mother found a rattlesnake under the kitchen stove in our first home." Quite a memory.

The "Homestead" is still there and so is Rosa Christenson, a most courageous and delightful individual. Our guess is that she'll be "on the go" for a good many years to come.

The meeting was called to order at 7:00 p.m. by Supervisor Schaibly. The minutes of the 8/15/78 meeting were read and approved as read. The Treasurer's report was given and accepted.

Correspondence
Letter from Treasury Department State Assessors Board stating where assessors tests for levels 1 through 4 may be taken.
Letter from 3M Company regarding special discounts to customers during their Silver Anniversary celebration, Sept. 12 through Sept. 14.

Letter from NEMCOG showing a grant scan on grants available.

Department of Treasury State Assessors Board notifying Lois Brown that she has achieved a passing score for Level 1 examination.

Letter from Michigan Township Association on district meeting to be held. Our meeting will be held in Alpena on Sept. 13. It was decided not to attend this meeting.

Letter from CETA coordinators informing us that CETA funding is available to us only through September 30, 1978 unless Congress passes new legislation or re-enacts the present legislation.

Schaibly stated that the Crawford County Road Commission told him that we could have a couple thousand yards of gravel processed next spring when the processor is out this way. This would be for use in the parking lot.

Motion by Walker, second by Harwood that we accept Bruce Armstrong's bid to clear and burn the stumps on one acre of land this winter for \$450.00. All voted aye. Motion carried.

Since only one bid was received on a double oven stove, it was decided that we will shop around further before we purchase a range.

Motion by Walker, second by Spencer to have Sartori Electric of Grayling increase the electrical service into the Town Hall to a 200 amp service. Also to accept the following bids from Sartori Electric Co.

To provide and installing of wire of 3 outlets on four separate circuits, 120 Volts 20 amp circuits and receptacles in kitchen, and 1 roof mounted Nutone fan with wall mounted variable speed control in kitchen. Bid - \$401.06.

Three circuits along side of meeting room. Bid - \$189.95.
Provide and install and wire one roof mounted Nutone fan in meeting room. Bid - \$379.48.
All voted aye. Motion carried.

Motion by Schaibly, second by Walker to transfer the money from the Federal Revenue Sharing Fund into the General Fund to pay for the fencing of the cemetery. All voted aye. Motion carried.

Regarding the complaints about the Building Inspector having a conflict of interest, the complaining individual should write a letter to the Township Board enumerating the specific points of complaint. This is needed so that we can turn this letter over to our lawyer to get his attention on the matter.

It shall be the policy of the Township that no township property of any description will be loaned to any individual, under any circumstances except through an officer of the Township.

Motion by Walker, second by Harwood that we make a payment of \$3000.00 to the Grayling State Bank for the Fire Department loan. All voted aye. Carried.

Motion by Spencer, second by Harwood to hire Norman Parker from Grayling to survey the Lovells Cemetery. All voted aye. Motion carried.

Schaibly told us that the Booster Club of Grayling had approached him about building a tennis court in Lovells. At this time, it is not known how much money the Booster Club would make available to us for this project. After much discussion, this was tabled until more information is made available to us.

Motion by Walker, second by Spencer to hire Lois Brown as an additional assessor for Lovells Township. All voted aye. Carried.

The Hawk & Tridger Club asked to reserve the Town Hall on Oct. 7th for their annual Harvest Dinner. Also, Larry Doby asked to rent the hall for a wedding reception on September 30th. Permission granted to both.

Lloyd Stahl asked for better communication between the Building Inspector and the Zoning Board so that they may better know what is going on.

A list of the current bills was read by Walker. Motion by Harwood, second by Walker that we pay all current bills. All voted aye. Carried.

Motion by Harwood, second by Spencer that the meeting be adjourned. Meeting adjourned at 9:50 p.m.

Editor's Mailbox

To The Editor:
I would like to express my appreciation to Lora Gould, Director of the Senior Citizen programs for Grayling and the Crawford County area.

I know of no other community in the State the size of Grayling that has the various programs for Senior Citizens that are available here.

Lora and "Her Staff" do everything possible to provide the "Older Kids" of this area with housing, health care, meals, recreation of all kinds, travel, short and long trips, theatre trips, shopping trips, dances, parties, bingo, bowling, swimming. You name it and Lora and her staff will try to have it for you.

Funds for all the programs that Lora provides for the Seniors of the area come from the Federal and State governments. If it were not for Lora's leadership and ability to write programs and document the needs of the community, these funds would all go to cities like Detroit and Flint! Her matching funds come from bingo and raffles.

Lora is on WGRY every week day at 10 a.m. telling of the program for that day and what the meals are for the day.

I am sure that I speak for all the Senior Citizens of the Grayling area when I say, "Thank you, Lora, for the wonderful leadership that you and your staff provide. Your many acts of kindness and your ability to see that everyone has a chance to participate in the many activities offered for their health and welfare are commendable."

"May the good Lord keep you healthy and continue to give you the strength and wisdom to lead your flock of 'Older Kids' in the days ahead."

Sincerely,
Kenneth S. King

Espejo-Wilcox Wed in Chicago

Liberty Camba Espejo and Stanley J. Wilcox were united in marriage Saturday, August 12, 1978 at St. Philomena Catholic Church, Chicago, Illinois. Reverend Charles F. Kelly officiated at the three o'clock, double ring ceremony. Music was provided by Thomas Dix.

The bride was given in marriage by her brother, Don Juan Espejo. She was attired in a floor length lace gown with silver lace braid and pearls trimming the neckline, with long puffed sleeves. A detachable train completed the gown. The wedding gown was made by the bride's aunt, Conchita Oliveros. She wore a matching crown with a full length veil and carried a bouquet of white gladioli and white carnations.

Maria Bulla C. Espejo, sister of the bride, was Maid of Honor. She was attired in an apple green, electric pleated, halter back, floor length gown, which was accented with black lace and pearls around the neckline. She wore a blown glass and lace headpiece and carried a bouquet of white gladioli with green and white carnations.

Teresa Wilcox, sister of the groom, was a Bridesmaid. She was attired in an apple green, halter back gown, with black lace and pearls accenting the neckline. She also wore a headpiece of blown glass and lace. Her bouquet was white gladioli with green and white carnations.

Jesus C. Espejo, brother of the bride, served as Best Man, and Brajleip Cyhanuek was groomsmen. The Candle, Cord and Veil sponsors were Teresa Wilcox and Brajleip Cyhanuek.

The bride was preceded down the aisle by two flower girls, Denise C. delos Reyes and Mary Urbine C. Gaudin. They were dressed alike in apple green, floor length gowns, and wore blown glass and lace headpieces. The flower girls dropped green and white carnation petals along the aisle. They were followed by the ring bearer, Urbano C. Gallardo Jr., and the coin bearer, Marc C. delos Reyes, each carrying heart-shaped pillows, one with the wedding rings and the other with the coins for the dowry.

The bride's principal sponsors: Engr. Roberto C. delos Reyes, Dr. Glory C. delos Reyes, Mr. Urban A. Gallardo and Mrs. Brinda C. Gallardo, followed her down the aisle, then the bride's mother, Mrs. Edna Lazarowicz and the groom's parents and bride's grandmother Mrs. Rosalia Camba came down the aisle.

The reception was held at Shanghai Li's where a Chinese dinner was served. Guests were entertained with a Polynesian floor show featuring Hawaiian dancing girls. The entertainment was concluded with a fire dance by a Hawaiian prince. The Hawaiian Wedding Song was also sung.

The bride's mother was attired in a green and rust calico from the Philippines.

The groom's mother wore a green floral print gown made by Vivian Nichols.

The bride is the daughter of Mrs. Aurora Espejo, of Chicago, Illinois. The groom's parents are Mr. and Mrs. John M. Wilcox, Jr. of Grayling.

The bride attended the Centro Escolar University of Manila, Philippines and is now a member of the U.S. Air Force National Guard.

The groom is a graduate of Grayling High School and Kirtland Community College. He was employed at Mercy Hospital and is now in the U.S. Air Force stationed in Texas where the couple now resides.

Out of town guests were from California, Tennessee, New Jersey, Michigan, St. Johns and Grayling.

It was a large gathering and we were delighted to be a part of their fashion show. We were sorry we couldn't attend the show, but it was on to the Grayling High School Choral Room to put in a few hours of rehearsal time.

More details were taken care of for our "Fun Night" with public participation which will be held October 28 at the Houghton Lake Playhouse. Prices will be \$2.00 for adults and \$1.00 for children. The more you pay the more fun it sounds. So mark your calendars to attend. Show time is 8:00 p.m.
